

TRIGGER WARNING

If you find that you are unable to respond to discussion of sexism and/or gender balance without randomly arranging terms such as *SJW*, *white knight*, *cuck*, *kill yourself*, *bitch*, *whore*, *rape*, *professional victim*, *snowflake*, *PC gone mad*, *First Amendment*, *feminazi*, *fuck* (and other assorted expletives) into grammatically dubious and arbitrarily capitalised boilerplate then you may find the following livestream both intellectually and emotionally challenging.

A strong and potentially damaging kneejerk response or, indeed, extreme overreaction may result.

You have been warned.
